## PARENT SUPPORT GROUP

The Parent Support Group (PSG) comprises of a group of us, parents, who are interested not only in the academic achievements of our children but also their holistic development.

Times are different now compared to what we went through during our years in school. There are many practices that we as new parents need to unlearn and relearn.

The PSG serves as a conducive platform for like-minded parents to come together to network and exchange ideas, seeking to change and improve our parenting beliefs and practices so as to help our children.

By giving our time and sharing our skills with the school wholeheartedly, we set an example to our children on contributing to the community and role model the spirit of volunteerism.

Being involved in school activities is also one way to show our children that we care about them.

*"An emotionally balanced child is a happy child. A happy child is a healthy child. What's more important to us than a **Healthy, Happy and Emotionally Balanced child!**"*

### VISION

A community of dedicated and committed parents coming together to support the school in developing our children holistically.

### MISSION

To provide parents an environment to support the school, build friendships and exchange parenting ideas and practices, thereby offering a platform for social contribution and volunteerism.

## NOTES

A poem which illustrates the significance of effective home-school partnership in sculpting the young mind of a child.

### Unity

I dreamed I stood in a studio  
And watched two sculptors there,  
The clay they used was a young child's mind  
And they fashioned it with care.

One was a teacher; the tools she used  
were books and music and art;  
One was a parent with a guiding hand  
and a gentle, loving heart.

And when at last their work was done  
They were proud of what they had wrought.  
For the things they had worked into the child  
Could never be sold or bought.

And each agreed she would have failed  
if she had worked alone.  
For behind the parent stood the school,  
And behind the teacher stood the home.
